How to get started with Your Money Line

Step 1: Visit yourmoneyline.com/start (or use the QR on the front of this sheet) and register using your employer code:

legalplans

Step 2: Click the log-in button to access Your Money Line. Start by setting up credit monitoring or connecting an account to start getting insights.

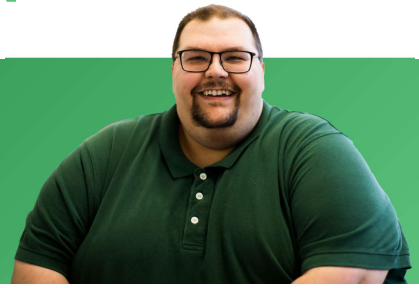

Step 3: Explore the other tools at your fingertips, learn from hours of courses, articles, & tools, and connect with a financial guide.

P.S. Feeling money stress? Financial guides are available by chat, email, or phone, Monday through Friday, 12 hours a day.

Thousands of households have benefited from our shame-free financial help.

"My Financial Guide was EXTREMELY helpful. Her breadth of knowledge and patience with my exhaustive list of questions is to be commended. She was also able to help create a plan to pay off my student loans as well as explore the best options for my situation moving forward."

"Your Money Line helped me through the intimidating process of buying a car. Their financial guidance around buying a car last month was extremely helpful. I used all of the pointers they gave me and am extremely happy with my purchase. From now on, I'm always going to check with Your Money line before I make any big financial decisions or whenever any questions pop up."

"Your Money Line was the best thing that happened to me after my family's primary income earner passed away. I had to focus on my bills during that incredibly difficult time, and they connected me to community resources to get by and plan for the future."
